## SIXTY-THREE ARTICLES IN ANNUAL TOWN WARRANT

The warrant for the annual election and town meeting will list 63 articles, the office of Selectmen revealed yesterday. It may take four or five, even six, sessions to wade through the agenda.

Heading the list, after routine business, is an appropriation for Civil Defense (Art. 5). Then comes a long series of requests for changes in employee classification as well as basic pay, also a cost-of-living bonus, as well as higher retirement and pension money.

Another item asks for higher compensation for Selectmen. Thirteen articles ask for the laying out of the following streets: Mott, Edith, Cutter Hill, Berkeley, Wilow Ct., Chester, Harold, Burch.

## SKATING AREA, TRAFFIC LIGHT SUGGESTED BY CIVIC ASS'N

On Monday evening the East Arlington Civic Association met at the Hardy School to elect officers for the coming year. After preliminary discussion and completion of nominations, elected were John E. Mitchell Jr. of 12 Palmer st., pres.; Caesar Florenza of 82 Marathon st., v.p.; William J. O'Brien Jr., of 319 Mass. ave., cor. sec.; Joseph Gobel of 38a Fairmont st., sec. sec.; and Donald Munro of 36 Brooks ave., treas.

There were several suggestions for improvements needed in East Arlington and most members agreed that there was a lack of safe skating facilities in the East Arlington area. Children wishing to skate are forced to cross several hazardous streets in reaching skating areas in other parts of the town, it was pointed out.

The need for a light controlling traffic at Broadway and North Union st. was presented and one member declared that there has been agitation for a pedestrian controlled light at this intersection for over a year. The need of a light has been recently increased by the housing development in this area.

## Greeley To Run For Public Works

Joseph P. Greeley of 10 Farmer rd., motivated by the insistence of his many friends in the Town, decided early this week to seek the office of Board of Public Works, it is announced.

He has lived in Arlington for 35 years and he feels he is exceptionally well qualified. Greeley has been employed for 25 years in an executive capacity by a large utility company serving the New England area. He feels that the wealth of experience gained in this position will be invaluable to him in administering to the needs of the townpeople.

Joseph P. Greeley enlisted in the Navy during World War II and at its conclusion purchased his present home on Farmer rd. where he resides with his wife and young family.

## MORNING TALKS

The Rev. John Nicol Mark of the First Parish will give the first of three morning talks before the women of the Social Alliance on Monday, Jan. 29, at 10:45 a.m. His topic will be, "An Hour With Markham."

Luncheon will be served at the noon hour, followed by Red Cross sewing.

Oak Hill, Blossom, Florence, Oakledge and Rhinecliff.

The committee on a branch library in East Arlington are asking the town to take by eminent domain the stores on either side of the present location.

An addition to the Town Hall is requested. An innocent appearing article asking the Selectmen to review the precinct boundaries will evolve, it is said, into a request for an additional precinct, bringing the total to 15.

The use of a ballot by town meeting members on certain types of votes is sought.

Way down near the end, under article 61, the proposal for Town Manager appears.

The Chamber of Commerce asks for money for Christmas lighting.

## ATTACKS

A bold attack on a teen-ager Arlington girl early Sunday evening has police searching for a man whose description answers that given by other women molested at various times over the past few weeks. She was on her way home from a young peoples' meeting at church.

The attacker hid in the alley at 947 Massachusetts ave. and sprang out upon the girl as she passed. He attempted to drag her into the alley but she screamed and fought, finally breaking loose from his hold and fleeing around the building. It is reported he tried to stop her screams with his hand but the girl bit it hard.

He pursued her, but fled as she neared the Brattle Drugstore, where she found a police officer. Unnerved by her ordeal, the girl was nevertheless unharmed, despite the struggle with her attacker who could not be found.

In another part of town on Saturday evening, a man driving a car molested a five-year-old child. His description tallies with that of the man who attacked a fifteen-year-old girl on Florence ave. not long ago. In that assault, he used a blunt weapon with which he struck the girl over the head but failed to stop her cries for help.

An exhibitionist was reported twice Tuesday evening by women in different ends of the town. He was wearing a white cloth over his face in an obvious attempt to avoid description. His general appearance also tallies with the above described attacker.

## Powell Makes 1000th Flute

Verne Q. Powell, nationally known flutist, teacher of flute, and maker of flutes, completed his 1000th flute last week. In celebration of this occasion Mr. Powell assisted by his daughter, Mrs. Clyde Hodgdon (Alice Powell), who is business manager of the Verne Q. Powell Flutes Inc., was host at a dinner party given at the Cafe Amalfi in Boston behind Symphony Hall, for twenty-four members of his company and their wives. Included in the group were Mrs. Powell, Clyde Hodgdon, and his daughter, Mr. and Mrs. Stanley Setchell (Martha Powell). The beautiful silver flute was displayed, and congratulatory telegrams from musical friends were read. One such telegram was sent from the Arlington Heights Study Club.

TEN DOLLARS and thirty-one cents was raised for March of Dimes fund Saturday morning by a movie show at the Warren home, 5 Cedar ave. Fifty boys and girls attended. Sale of pop-corn swelled receipts. Next Saturday a similar show will take place at Bobby Reid's house, 33 Puritan rd.

In front (center) receiving a 10c ticket is Larry Cotter, recovered polio victim and brother of Monica Cotter, who was badly burned two years ago. Extending the ticket is Barney Benson; to the right, in order, are Joe Warren, Michael Genella, Tommy Warren; at upper right rear is Bobby Reid, this week's host.

## Citizens Aroused By Gas Co. Plan

Citizens living on Grove st. and the vicinity are aroused at the news that the Arlington Gaslight Co. has applied for a permit to install, near the present large gas holder at the High School, 24 additional tanks to contain inflammable fluid. Each tank will have a capacity of 25,000 gallons — a total of 600,000 gallons.

The tanks are to be like those seen on railroad cars, company officials state. They will extend about 12 feet above ground and be about 9 feet in diameter. A spokesman for the gas company said that they are to be auxiliary tanks, placed there primarily to prevent a shortage of gas at any time.

A hearing on the application will be held at 8:00 p.m. Monday night at the Town Hall and it is expected that many interested citizens will turn out to contest the move.

John L. Murphy, chairman of the Board of Public Works, has issued a protest as a private citizen in the form of an advertisement appearing on the front page of this issue.

Robert Bowser of 9 Grove st. is leading a campaign among Grove street residents to prevent the erection of the tanks.

Comments of homeowners in the area show that their main opposition to the tanks is a supposed danger from the nearness of such gas to the High School and their homes and the alleged evaluation of their property by what they term "awful eyesores." It is also feared, in case of a bombing raid, the town will be as vulnerable as a "keg of powder."

## Donahue Blasts Voters Council; s Candidate

James W. Donahue of 56 Foster Street has taken out papers for the vacancy on the Board of Public Works upon hearing of the withdrawal of Frank J. Hughes, a previously announced candidate for the position.

Donahue, a building estimator and fire adjuster, for a group of Boston Insurance companies, is a veteran of nearly six years of Army service where he served as an artillery captain. The father of three sons, he is a graduate of Holy Cross, class of 1937, and studied at Boston College Law School after his army service.

Active in several local organizations, James Donahue is a third degree knight in the Knights of Columbus and a member of the Joseph P. Kennedy Jr. post, Veterans of Foreign Wars.

After presenting his qualifications to the Arlington Voters' Council, Donahue expressed dissatisfaction with its method and timing of endorsing so called "qualified" candidates.

"I am opposed", he stated, "to pre-selection and endorsement by non-representative pressure groups that obviously arrange their procedure to scare out 'unhosen' candidates. Their existence," he continued, "deprive the voters of their full right to choose between all the candidates who are willing to serve and capable of serving well."

"My opposition to caucus chosen candidates", he added, "is coupled with my belief that a small group of business associates should not have virtual or absolute control of the government of our town."

## REVEALING FIGURES

Statistics usually are an uninteresting group of figures for this, that or the other condition. But here is a "group of figures" which, released by Completion Drive Chairman Golden, will be of the utmost interest to residents.

"For the year 1950 exactly 2360 adults were patients at our Symmes Hospital; there were 728 children patients; and 464 babies first saw light at Symmes, making a total of 3552 treated there during that one year."

"Those figures indicate that a little over 8 per cent of an approximate average population of about 43,000 for the year 1950, were hospitalized at Symmes, for various lengths of time, some for long, some for short periods. The total patient-days reached a high of 27,629 days for that one year. Can you believe it? Do so. It's true."

Surely these statistics must bring home the terrific importance of Symmes Hospital and the necessity for making the Completion Fund Drive a success."

## VITAL HEARINGS

Several hearings, vital to the town, have been scheduled next week.

On Jan. 30 a public hearing will be held at the State House on the proposal to set up a standard form of Selectmen-Town Manager form of town government. Representative Keenan indicated to the Arlington Advocate that there is apparent a movement among towns in the Commonwealth to streamline and coordinate the form of government within their respective communities.

Another hearing, on Jan. 31, will be conducted by the Committee on Metropolitan Affairs on Keenan's bills for the extension of the Harvard Square subway and a terminal at Alewife Brook.

—Rev. John Nicol Mark will be a guest of the Boston Caledonian Club at the Robert Burns celebration at the Hotel Statler on January 26.

## GIFTS MARK HOUSE WARMING OF ARLINGTON DYE WORKS

One hundred and fifty dollars' worth of gift awards plus garland for all the ladies marks the grand housewarming on Saturday, Jan. 27, at the Arlington Dye Works Cleaners at 81 Mystic st., Arlington.

The reason for the celebration is the newly designed plant store with its entrance at sidewalk level. Gone forever is the necessity of climbing a flight of stairs. Above the entrance is a smart, modern sign in silver color. For over 25 years this concern

## COMMITTEE PICKS NAMES FOR OK

The qualifications committee of the Voters Council announced this week its selections in the coming town elections.

In every case, except for the office of selectman, its recommendations were OK'd by the board of directors. The slate will be presented to the main body of the Council at a meeting Thursday night at Library Hall.

It is understood that for the office of selectman the 9-man committee recommended Walter T. Kenney by an ample margin on Monday. However, the necessary majority vote of the directors was not forthcoming. Since four directors were absent, the matter was tabled until Tuesday night when Kenney's name was approved, it is reported.

All of the candidates for uncontested offices received committee approval.

Contested Offices  
For the contested positions those named are Walter T. Kenney for Selectman, Edward W. Higgins for Public Works, Arthur W. Sampson for Assessor, Frederick Stanley Glynn Jr. for Planning Board, Carl E. Barstow for Board of Health, William J. O'Brien for Sinking Fund, Myron D. Chase (5 yr. term) and James C. Doyle (2 yr. term) for Housing Authority.

The three incumbents — John H. Allison, James W. Kidder, Eleanor J. Strong — were named for School Committee.

A MEETING of all golfers interested in taking indoor golf lessons sponsored by the Park Department will be held next Tuesday, Jan. 30, at 8 p.m. at the Junior High west gymnasium.

—Rev. John Nicol Mark will be a guest of the Boston Caledonian Club at the Robert Burns celebration at the Hotel Statler on January 26.

Arlington may soon possess a million dollar "Park and Shop" commercial center at the eastern terminus of the Concord Turnpike, if the town votes favorably on the necessary re-zoning.

A group of investors headed by Nathaniel Hamlen of Wayland has purchased from Thomas Lee a portion of the low vacant land abutting the Thorndike playground.

The firm of Walter Channing, Inc., realtors, is representing the investing group. The sponsors have also retained to represent them, Francis Keefe, prominent Arlington attorney. The Connecticut General Life Insurance Company, through the Channing firm, has indicated interest in the permanent financing of the project.

A modern shopping center, similar to but smaller than the new Chestnut Hill shopping center, is considered by its proponents to be a valuable contribution to the growth of the town in particular and the whole community of surrounding towns in general. The increasing traffic congestion in downtown Boston, plus the recognized need for more complete shopping facilities with adequate parking, located within the townships, combine to make the proposed project a highly desirable addition to community welfare, is the belief.

The sponsors of the project have expressed a desire to cooperate with the Town in every way so that the new development can be a center of public service and a matter of public pride. This group has had wide experience in the development of similar shopping centers in various parts of the country and will bring to the new project a wealth of up-to-date knowledge. It is promised that every effort will be made to create a "Park and Shop" development which will not only make it abundantly easy for the housewife to supply herself with the many daily and weekly requirements not now available in the Town, but also to produce a group of buildings so designed and landscaped as to make this gateway to the Town attractive and inviting.

Wood informed those present that rumors were rampant as to the type of enterprise. In answer it was declared that the request in the Town Warrant is for a business A zone. If the area was so zoned, it could not be used for a factory, drive-in theatre, dance hall or similar business. Business A zone permits only such things as stores, sales and show rooms, public and semipublic buildings, offices, banks, funeral homes, etc. "We cannot deviate from this later," it was stated.

It was pointed out that the tremendous sums involved (several million dollars) precludes anything cheap. "The cost of bringing the land to grade alone will be very high," a spokesman declared. "We believe that what we propose will be an asset of great value to the town." He likened it to the new shopping center in Chestnut Hill.

Of the 15-acre area, it is proposed that only one quarter will be occupied by buildings, the highest two stories. The rest will be devoted to a 1000-car parking area. The perimeter will be landscaped with trees and shrubs, it was said.

The sponsors picture a department store of 80,000 square feet (40,000 on each floor), a big super-market, two other large stores such as Sears or Firestone branch store, and several smaller businesses such as a restaurant, bakery, branch office of a bank, drug store, etc.

"The fact that we, like others, have interested large and reputable insurance companies in projects of this nature should not be overlooked. Insurance companies do not and cannot invest the funds of their policyholders in anything but A-1 enterprises which have a solid foundation and reputation," the spokesman said.

It is understood that Francis Keefe has been retained as attorney for the sponsors and will present the plans before the Planning Board in February and the Town Meeting in March.

IMPROVEMENT in Town Meeting member contests has been experienced after the Advocate's lead story of last week pointed up a "lamentable" condition. To date only four precincts need candidates to fill rosters. They with the precinct chairmen are as follows: Prec. 1, Wm. H. Dunn, 9 Windsor st.; Prec. 3, John E. Mitchell Jr., 12 Palmer st.; Prec. 7, Warren J. Ryan, 20 Webowet rd.; Prec. 13, Edward J. Doherty, 99 Bow st. Those interested should contact these men.

### CITIZENSHIP TO THE FORE

The first few months of 1951 are putting tremendous demands upon citizenship. Besides the demands stemming from the deplorable international situation and the resultant increased taxes, there are many challenges locally. Are we equal to it? Proof will soon be forthcoming.

Our people are being asked now to volunteer for Civil Defense work. An additional number are needed to run for Town Meeting member. More dollars are desired for the completion of the Symmes Arlington Hospital. Depleted reserves threaten the effectiveness of aid to polio victims, thus a greater amount is asked in the current "Dimes" drive.

Beside all this, there is still time for civic minded residents to enter the political arena of town government. Above all, voters should make an individual effort to select and support the candidate they deem most qualified and get out and vote, March 5.

Following that, further demands arise from the annual Town Meeting. Issues of tremendous importance are imminent—the Town Manager form, to name one. Town meeting members will be expected not only to attend sessions to the bitter end but to truly represent their constituents.

Fairness and judgment will be needed in the study and vote on the "St. Paul Plan" from which much is expected in town-town employee relations.

Early '51 indeed calls true citizenship to the fore!

## That Man About Town

By MA.

Two correspondents of ours complain that certain town officials fail to reply, in any manner, to written requests for information or to even acknowledge the letters. Regardless of the contents, and we understand the letters were on legitimate civic matters. It is high time that this type of official realize that it is a duty to respond to the requests of the very people who put them in office. Officials, in this country, are not masters but are servants of the public. Wonder if they'll ever learn.

Curiously enough in many instances the matter was acted upon by officials but without a letter of reply to state intentions.

The Town Manager problem should be uppermost in the minds of the citizens of this town. It has been a fairly successful municipal change in many towns and cities. The few failures have been

due to local conditions and must be discounted until we know the local status. We assume that if Arlington goes into this phase of governmental operation it will be on a trial basis. Therefore, in view of success in the vast majority of towns and cities, we are of the opinion that a fair trial of three years could very well prove to the opponents of such an operation that they are wrong. It remains with the Town committee to recommend the very best program under the Board of Selectmen, who after all, are going to have to live with the Town Manager who must be subservient to them in the final analysis.

The surest way to invite snow is to write this comment: The open weather we are having is probably a boon to those who drive as well as to the taxpayers who are saving a good deal of money on snow removal and all that goes with it. We can recall, that in 1937, we had little snow at all. So far, 1951 compares favorably with 1937. Let us all hope that we can tie the 1937 record and get to Spring without snow.

We like the Valentine card that pictures a love-lorn squirrel carving hearts high in the treetops while his heart's desire sits by, aloof. He pours forth this sobbing message:

"I PINE FOR YOU!"

### CHRISTIAN SCIENCE CHURCH SERVICES

The nature of God as the great and only source of fundamental truth will be made clear at Christian Science services next Sunday. The Lesson-Sermon is entitled "Truth."

The Golden Text is from one of David's psalms of praise: "I will praise thee, O Lord, among the people: . . . for thy mercy is great above the heavens: and thy truth reacheth unto the clouds?" (Psalms 108:24.)

Readings from the Bible (King James Version) include James 3:11,12: "Doth a fountain send forth at the same time sweet water and bitter? Can the fig tree, my brethren, bear olive berries? either a vine, figs? so can no fountain both yield salt water and fresh."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "In Science, Truth is divine, and the infinite God can have no unlikeness. Did God, Truth, create error? No. 'Doth a fountain send forth at the same time sweet water and bitter?' . . . The five material senses testify to truth and error as united in a mind both good and evil. Their false evidence will finally yield to Truth—to the recognition of Spirit and of the spiritual creation." (p. 287).

### INTERVIEWS WITH JESUS

"Jesus saith unto her, I that speak unto thee am he." (John 4:26.) Read John 4:5-14.

JESUS was not in the temple among throngs; He was walking along a dirt road. The neighborhood was unfriendly, for He was in Samaria. He was wearied with His journey, yet that could not dim His devotion to His divine mission. The Samaritan woman seemed poor soil for the interview, yet to her the great Teacher proclaimed the vital truth of the Living Water.

Christ ever saw through the weaving of the present hour to the finished pattern. To this wayside chance acquaintance, stirred and eager, He makes one of His supreme declarations: "I am messiah, I who am talking to you." Wide He throws the door for universal human discipleship.

We can make this a pattern for our lives. As followers of His, we are expected to tell the tidings of the Living Water as we mingle with men. As Jesus led the interview to Himself, oftentimes we find opportunity to lead conversation, even with the unpromising or with strangers, to the One who has the water of life.

### PRAYER

Dear Master and Lord, help us to be filled with Thy Spirit. Teach us to lead the thoughts of those whom we meet each day to the Living Water which, alone, satisfies the thirst of souls. In the name of Him who loves all persons. Amen.

### THOUGHT FOR THE DAY

As I meet people today, I will introduce them to Jesus, the Source of the Living Water.

... and how to tell a boy lobster from a girl lobster

Got down to the station a little late this morning and barely made the train. Didn't have time to buy a paper or even to get on my usual car. Made the last car with my coat all unbuttoned and flying in the wind and my hat in my hand. Bill, he's the brakeman on the 8:08 had waved up ahead, but the engineer had spotted me, and waited for me to climb aboard.

Wouldn't have been late if my car hadn't started acting up on the way to the station and kept coughing and sputtering. Glad I didn't have to drive into town.

Sat down with a big feeling of relief. I don't think there's anything more relaxing than settling down in a train after you've had to hurry to make it. Sort of turn all your worries over to the engineer and go to sleep, or get in a big argument about how to tell a boy lobster from a girl lobster, or just sit back and relax.

Funny how annoyed you get if a train's a couple of minutes late when you're on it but how you hope it's going to be late when you're behind schedule making it.

## Phinney To Head 1951 Heart Fund

Theldon E. Phinney of 890 Massachusetts ave. will serve as general chairman of the Arlington 1951 Heart Fund, according to Edgar A. Perry, State Chairman.

Phinney will be in charge of the campaign which will take place February 1 through 28 to raise funds to carry on a year round program of heart research, education and community services.

In announcing this appointment, Mr. Perry pointed out that an estimated 9,000,000 Americans have heart disease, of whom half a million are elementary and high school children, and that in Massachusetts alone approximately 23,000 people died of heart disease during 1949.

He emphasized, however, that this year's slogan—"New Hope for Hearts"—is based on the hopeful word that great progress is being made toward the control, perhaps the eventual conquest, of many forms of heart disease.

## BIRCH MEMORIAL

(From St. John's Kalendar)

The Birch Memorial Window is the gift of Mrs. Arthur Birch in memory of her husband, who was for many years a faithful communicant of St. John's church.

The mission of stained glass in a church is to add beauty to the building and by means of translucent color and meaningful design to inspire the worshiper to a fuller understanding of spiritual truths.

Throughout the long centuries artists in glass have worked to weave the threads of lead came into intricate designs, fusing the brilliant colors and the light into webs of wonder and mystery. Beautiful color like great music has the power to exalt the human spirit and stained glass above all else is the glorification of color.

The Birch memorial is the first of a series of nave aisle windows which will eventually adorn the nave at St. John's church.

The subjects planned for the entire series encompass the life of Christ from the Annunciation to the Ascension. The present window has as its theme a symbolic representation of the Baptism. In the center of the composition Christ is standing in the River Jordan; on the river bank on the right is St. John the Baptist who holds the shell and on the left an angel who holds a robe. The Holy Spirit in the form of a dove descends from the clouds. Completing the composition are the Scriptural words, "This is my beloved Son."

The symbol above the meditation is the monogram of Christ, I H S, surmounted by a crown and below is one of the many forms of the cross.

The memorial inscription at the base of the window reads, "In Memory of Arthur Birch, 1864-1947." Dedication was held on Sunday, January 21.

The window was designed, made and installed by Messrs. Reynolds, Francis & Rohnstock of Boston.

## Fund Musicale Is Outstanding

The Arlington Philharmonic Society presented its annual scholarship concert Sunday afternoon in the Junior High East auditorium. Phyllis Spence, chairman of the scholarship committee, with her talented group provided a delightful program of chamber music. Donald March playing first violin in a Mozart quartet displayed much artistry. Mrs. Spence and Mr. March were ably assisted by Clayton Hoyt, viola, and Charlotte Davies, cello.

Miss Pearl Layton, guest artist provided by Mr. Leo Litwin, was warmly received. She has a rich mezzo-soprano voice. The Philharmonic as a soloist was all that was expected. His command of the piano is that of a master. Throughout his program he displayed great deftness of touch, intelligent understanding, accurate delivery, and a charming platform manner. Mr. Litwin's pupil, Richard Hough, who played in the Mendelssohn trio and accompanied Miss Layton attracted much favorable comment.

At the conclusion of the concert, President Natalie Wallace introduced Miss Phyllis Spence and Mrs. Leo Litwin who received a beautiful bouquet from the Philharmonic.

Nearly 300 of the audience stayed to meet the artists and enjoy the social hour with refreshments which followed.

## A Cub Pack - - - - - - What Is It?

For the benefit of those parents who wish to start their child in scouting, an explanation of Scouting's "preparatory school" is timely.

Cub Packs are for younger boys 8-10 years of age. Their purpose is to provide a founding ground in scouting for those who are still too young to participate in the regular scouting program.

A typical Cub Pack must have a sponsor—usually a church or P.T.A. The pack is primarily a neighborhood affair, embodying a number of "dens" broken down from the pack. These dens are in charge of a mother of one of the boys, called a denmother. Once a week, the den meets at her home, where the boys learn the fundamentals of scouting under an organized program.

Besides the usual projects carried out by the boys, such as woodcraft, shellwork and the like, the denmother checks on work done by the boys at home. The denmother is assisted by a scout, usually a former cub. The knowledge of nature gained through this early work has been placed by child authorities as being invaluable.

Emphasis is placed on boys' ability to provide entertainment for themselves. They are urged to work on skits, or any like project in order to be self-sufficient within their own den. Dens meet together once a month in a pack meeting. At this meeting each Cub is required to have a parent with him.

The three ranks in cubbing are: Wolf, Bear, and Lion. A boy advances to the higher rank of Lion by receiving good marks from the denmother in such attributes as cleanliness and other desirable habits. Even such small triumphs as conquering the tying of a tie do not go without their reward. In this way, boys are urged toward a proper growth outside the home as well as in.

## Pack 43

In the brilliant auditorium of the new Bishop School, Pack 43, Cub Scouts, held its regular January meeting. After Den 1 sang the Marine Song, Den 10 conducted the flag ceremony. Cubmaster, Walter McCulloch then took charge.

Eight Bob-cats, accompanied by their parents, were invested with pins and registration cards and welcomed into the living circle by Akela. They included Richard Anderson, Robert Cavicchi, Bryan Kelly, Walter Melville, Charles Morrissey, Jerome Smith, Kenneth Alexander, and Craig Chapin.

It was reported that 335 Christmas wreaths were sold. First prize for sales was awarded to Robert Chapin, second prize was a tie by Marshall Newton and Paul Cody, and third prize went to John McCulloch.

Honorable mention went to Paul Blackburn, Warren Geroni, Ronald Adamian, Edward Ashton, Stephen Homer, Lawrence Cavicchi, Thomas Burnham, and Paul McLeay.

Scout week extending from February 3 to 10 was announced, with a Scouterall at Town Hall on Feb. 3, opening the exercises of the week.

A Quiz Kids contest was conducted by Dr. Whosit Whatsit, district Commissioner. Gordon Thompson, Questions were selected from a graded list. Honors were won by Dens 2 and 8.

Lindsay Collier was awarded two silver arrows for the wolf badge, Paul Mancini the wolf badge and gold arrow, and William Spiers the wolf badge and gold arrow.

Paul Blackburn and Richard Carroll each received the bear badge and gold arrow, and the bear award was granted Thomas Burnham, Harold Howell, Mark McGrath, Charles Manchester, and Stephen Moore.

Carl Formichelli received his lion badge and a gold and silver arrow, Peter Hayes his lion badge and a gold and two silver arrows, Donald Sathany his lion badge and a gold arrow, and Peter Jorgensen and James Quinn each their lion badges.

Paul Cody received his two-year pin, and Paul Johnson and

Stephen Nazro their year pins. Webelos was awarded to Robert Fanning.

## Pack 20

The Den mothers walked away with the honors at Pack 20, Cub Scouts, annual minstrel show at the Brackett School hall on Jan. 20. Just before the grand finale, the curtains were drawn and the stage set for their skit, "A Live Den Meeting," which was written, directed and acted by the den mothers themselves. It is doubtful whether there has ever been a more realistic presentation given on the stage of the Brackett School hall. Each of the den mothers was true to the character she was portraying, and the audience was completely convulsed.

The balance of the show was of excellent calibre. With Mr. Walker, the cubmaster as master of ceremonies, things moved fast and smoothly. The end men were Jerry Grey, William Bogardus, Mort French and Al Rivenburg. They kept things humming with a patter of jokes and tricks. The chorus consisted of boys from dens 11 and 12, Douglas Moxham, Harold Wilson, William Clarke, Bruce Benson, Kevin Callahan, David McElligott, William Storey, David Rivenburg, Roger French, and Richard French.

The music was conducted by Mrs. Mazurn and Mrs. French, with special musical arrangements by Mrs. French. As an added feature Mr. Storey appeared during the show and acted as heckler for the end men from the front of the audience.

There were three father and son presentations. Dr. Baker accompanied his son, Richard, and Tommy Alderson while they sang a duet: Mr. Bogardus sang "The Three Trees" while his son, Robert, acted the story out. Mr. Cutler and his son, Steve, did an impersonation of Edgar Bergen and Charlie McCarthy.

A welcoming skit was written by Mrs. Heaps and presented by Warren Heaps and Joseph Saegeer.

Donald Avery and Walter Dickson did a pantomime depicting a boy and his girl out for a ride in the car.

Douglas Parker played three accordion solos. John Huffman did magic tricks accompanied by Thom Freeman. Steven Weller gave a recitation. Stephen Hoffman played a flute solo, and Harold Wilson gave a humorous recitation.

## Pack 87

Cub Pack 87 met at the Cutler School auditorium on Jan. 19 and after awards were passed out to the boys, the rest of the evening was devoted to feats of magic, ably performed by two Arlington amateur magicians, Mr. David Hootin and Mr. John O'Sullivan.

It was hard to tell at times who was having the most fun, the boys or the entertainers, and the show had to be finally stopped due to the late hour.

The boys in Den 2 sang western songs in costume. Den 5 presented the song, "A Bicycle Built For Two," with real bicycles on the stage, and "I Never See Maggie Alone" was interpreted by the boys in den 5. Den 8 did a very

Official poster marking the 41st birthday.

President Truman will greet 12 outstanding Boy Scouts in the White House on Feb. 6 opening the 41st anniversary of the Boy Scouts of America. Boy Scout Week will be observed Feb. 6 to 12 in every part of the nation by more than 2,750,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme.

At "birthday parties" during Boy Scout Week throughout the nation each member will pledge himself to the Scout Oath or Promise. In each community representatives of the churches, schools, government and business will observe the anniversary with their Scouts. At Unit "open house" parties, parents, relatives and members of the chartering institutions will hear a review of the year's program features, service projects and membership gains.

clever pantomime of "The Thing" while Dens 11 and 12 sang and danced the "Hokey Pokey."

Philip Healy did a clever comic roller skating act, and Den 9 brought the house down with a "Casey Jones" number.

The show closed with a tamboirine duet by Mr. French and Mr. Rivenburg while the entire company sang, "The Stars and Stripes Forever."

## ANNUAL SCOUT MEETING

The annual meeting of the Arlington Girl Scouts, to which the public is invited, will be held Tuesday evening, Jan. 30, in Library hall at 8 p.m. The speaker will be Miss Carmela Carliello of Bridgeport, Conn., who spent last summer in Greece as an exchange camp counselor, and will tell of her experiences there.

Refreshments will be served at the close of the meeting. Mrs. G. Howard Allen will preside at the coffee table, assisted by four Senior Scouts, Peggy Esty, Marcia Moltman, Elaine Thompson, Vivian Reynolds.

## SCOUTS FACTS

Arlington Scouts are supported by the Red Feather through the Sackem Council. This does not mean, however, that the individual units get money, as each unit is self-supporting but does benefit by a professional scouting staff and the central scouting organization of the Sackem Council.

The Francis and Mabel Thompson fund for scouts in Arlington, administered by a joint council and district board, provides for many scout activities. The fund provides the outstanding boy from each troop a week at Camp Sackem in Antrim, N. H.; baseballs for each pack in the annual cub baseball contest; publicly expenses for outstanding events, both district and unit, advancement badges for cubs and scouts.

In addition, the money is used for improvements at the scout's weekend home, Camp Oak in Bedford.

Arlington Scouts boast the largest organization in town. There are 550 clubs, 350 scouts, 28 explorers, and 250 adults giving a total of 1178 citizens involved in scouting.

During the recent Civil Defense preparation, 14 Scouts folded 11,000 Atomic Bomb pamphlets and letters in eight hours. Their work was highly commended by Director of the Civil Defense Committee Dan McFadden in a letter to District Commissioner Horace Homer.

McFadden stressed the close cooperation that Scouts have always afforded the town in its numerous campaigns and drives. "When the town needs a job done, the scouts have always been ready to aid," Homer said. "We have a town-wide, close-knit organization capable of giving great aid in most any emergency."

Homer pointed out that while scouts were not allowed to participate in many drives like that of the Jimmy Fund, they nevertheless went ahead on their own operating as private citizens connected with no organization.

## Homer Makes Appeal

"We are appealing to the former scouts who wish to give something back to scouting," said Horace Homer, district commissioner, in citing the serious lack of neighborhood commissioners in scouting today.

"We desperately need a man who can give just one night a week to this cause," he appealed. Prior knowledge of scouting is not a requirement, he said, but almost anyone willing to give a small amount of time to scouting is in a position to give real aid to the scout movement.

Newcomers to town, especially, would find such work profitable in acquainting themselves with their new neighborhood and neighbors he maintained. "There is no better opportunity for one to become an integral part of his community than to engage in a most worthy cause like this," Homer said.

Those interested in becoming neighborhood commissioners can contact Homer at his home at 48 Florence ave. or call AR 5-2890.

TOWNSPEOPLE will have a chance to see the inner workings of American Boy Scouting, when on Feb. 3, Scouts of this town will hold a "Scouterall," demonstrating their activities at the Town Hall in celebration of National Boy Scout Week.

The affair will involve all the Scouts in town, who will take over the Town Hall and convert it into a "Scouterama" with exhibitions of their year-round projects and activities.

If the affair has the same success as the 1948 project, over 5,000 people are expected to visit the Hall in the one day. Awaiting by Scouts to demonstrate everything from handicraft to life-saving.

Entertainment of the minstrel show variety is being prepared, with a 45 boy chorus to back the offerings of 12 Scout groups, which range in size from 30 to 130 youths. The St. James Drum and Bugle Corps will provide music.

A list of booth exhibits gives a taste of bird study, axmanship, cooking, camp handicraft, first aid, nature study, signaling, sea scouting and many others designed to afford people a first-hand, intimate view of Scout training and its purposes. Girls, it is to see, "All of our youths in 1950, will come in for their share Scouting here have gone all-out to provide the best possible presentation of the organization's work," he said.

"Scouterall" committee members who will operate a booth in the lobby, devoted to registering workers for the Office of Civil Defense.

The booths, which will be all of entertainment; Charles Buck-birch wood, are to be judged at the conclusion of the program. Interest in this competition among various Troops is at a pitch. The preparation for the event, Horace Homer, advisor.

this exhibit has consumed much work and time for many weeks. Besides displays of Scout equipment and nature collections, there will be "live" exhibits—booths given over to the actual performance of many Scout activities.

District Commissioner Horace Homer said that he expects the affair to be one of the finest Scout presentations the people will have ever had an opportunity to see. "All of our youths in 1950, will come in for their share Scouting here have gone all-out to provide the best possible presentation of the organization's work," he said.

## Prospecting the Project

[ARLINGTON VETERANS' HOUSING PROJECT]  
by Harriet Fitzgerald

With nominations and the approaching elections taking precedence over the various local news, it is with pride that we note that Hugh Mallon and Walter Driscoll, both of Fremont Court, have signified their intentions of running for Town Meeting Members from Precinct 5. Mallon, a graduate of the University of Notre Dame, is now attending night school at Boston University and is employed by the Boylston Insurance Agency of Boston. During the last war he served as a lieutenant in the Navy, seeing service in both the Atlantic and Pacific theatres. He is married to the former Geraldine McCarthy of Kensington park and is the father of three children.

Driscoll was educated in the Arlington schools and the Boston Trade School. He saw service with the Seabees in the Pacific and is now employed by the Arlington Gas Light Company. He is married to the former Gertrude McPhail of Palmer st., and he is the father of two children.

Both candidates are former Town Meeting members. Mallon formerly from Precinct 6 and Driscoll from Precinct 2.

Joseph DiCampo, of 34 Fremont St., recently slipped on the ice on her back stairs and injured her ankle. Mrs. DiCampo managed to hobble around with the aid of crutches but we wonder how long it took her small son, Chip, to realize it was a cinch to evade anyone as handicapped as she must have been. It might be well for us to exercise caution that this doesn't happen to us for we alone are responsible for any accidents which occur on the property given to our care. Prompt removal of snow and ice will prevent serious trouble.

On Friday, Jan. 20, at Mount Auburn Hospital, a daughter was born to Mr. and Mrs. Francis Adams of 120 Gardner St. Mr. and Mrs. Adams are the parents of one other child, Richard. Mrs. Adams lived on Harlow St. before her marriage. Mr. Adams, a former Arlington High hockey star, flew a light reconnaissance plane in the China-Burma-India Theatre and was awarded the Distinguished Flying Cross. He is now employed by the Metropolitan Life Insurance Company.

Mrs. Janice Lund and daughter, Carol Ann, have recently been entertaining Mrs. Lund's

brother, Mr. Charlie Mayhew of Oldtown, Maine.

Mrs. David Vickers and daughter, Lois, recently moved from their apartment at 118 Gardner St. Mr. Vickers was recalled to active duty with the 307th Military Police Detachment at Fort Sam Houston, Texas.

—Miss Nancy A. Richmond, daughter of Mr. and Mrs. Lester A. Richmond of 22 Marathon st., sang with Tufts College's Orling Singers on last Sunday's broadcast of the radio concert series, "Songs from New England Colleges. Miss Richmond is a junior at Jackson College, the women's department of Tufts College.

## Local Boys' Club May Be Granted Bigger Fund Share

Greater aid may be forthcoming from the Community Chest funds for the local Boys' Club was indicated by J. Howard Hayes, 1st vice president of the Club, at the annual meeting last Thursday night. The Club in trying to expand and improve its facilities is having a struggle to meet expenses and the extra help, if and when it materializes, will be helpful.

Re-elected president for 1951 was Walter T. Kenney. Other officers for this year are J. Howard Hayes, 1st v.p.; Leonard Russell, 2nd v.p.; Dave Govenar, treas.; A. Henry Ottoson, sec'y. The nominating committee was composed of Robert L. Moore, chairman, Walter Cooledge and Russell Wise.

A rising vote of thanks was given former Treasurer Walter Cooledge for his extended and valuable service. Elected as life members of the board of directors were Thomas Scanlon and Benjamin Hickey.

The principal speaker was Thomas J. Murphy, president of the Waltham Boys' Club. He told in graphic detail how his organization has raised about \$150,000 for a new club house at a new location. Accompanying him was William J. Lynch, executive director. Both are young and aggressively imbued with spirit behind boys' club work.

Executive Director James Sumner received commendation for his past efforts and direction.

A long list of contemplated improvements and expanded facilities was read.

In his report Director Sumner thanked the officers, directors and citizens for their support. He included, also, local service clubs, J. Willard Hayden, president of the Charles Hayden Foundation, The Hyams Trust Fund and the Committee of the Permanent Charity Fund also have made grants, he revealed.

The club is receiving "Yeoman like" help, too, from the Dads' Club and the Ladies Auxiliary, he said.

According to Sumner the current membership is as follows:

Midgits . . . 424

Juniors . . . 476

Intermediates . . . 266

Seniors . . . 61

Total . . . 1,227

Chester, Walter S. Cooledge, Bavel L. Cummings, Roscoe O. Elliott, Monsignor Matthew J. Flaherty, James Flynn, Miss Edith M. Fox, Benjamin F. Hickey, Stephen G. Jones, M.D., Bertil E. Lindvall.

## Stoneham Spills Red & Gray, 2-1

Arlington Ice men dropped to third position in G.B.I. League standings Saturday when they dropped a well-played 2-1 puck match to last place Stoneham before 2237 fans at the Boston Arena.

The game was a potential deadlock right up to 1:42 of the last period when Stoneham's Bob Barney, assisted by Ron Wanamaker drilled one by Goalie Phil Morgan. Exactly 3 minutes later, Ron Wanamaker moved in again and blasted the net in an unassisted tally.

However, the Red and Gray would not accept easy defeat and Bill Vassil, assisted by Timmons, finally denied the Stoneham string at 6:10. No more scoring was had by either team, but on a couple of occasions it looked like the fracas would end in a dead heat.

The Menotomy Men will face second place Melrose at the Garden this Saturday at 12:30 p.m. A victory could give them second place and, if Latin should drop one, they could be back on top of the heap in one of the most seasaw fights for schoolboy ice honours that has been seen for a long time.

STONEHAM HIGH (2)—G. D'Entremont, rd. Spratt, ld. Donovan, c. Wanamaker, rw. H. Jackson, lw. O'Toole.
